### **Customer feedback to Helle Hollis car rental in Málaga 30.08.2010**

Fantastic service all round and extremely courteous staff. Some better signage for the shuttle bus location during out of office hours would be helpful or a map showing where the pick up point is when the airport office is closed. Otherwise excellent.

### **Customer feedback to Helle Hollis car rental in Málaga 30.08.10**

Generally speaking, everything from start to finish was excellent. all the staff i met and spoke to were very curtious and polite. at one point i had to change details of my booking by telephone quite late on and again my requests were all processed without any problems. the only concern i had was that there was one dent to the car that i had not been made aware of and i'm just hoping that i dont get the blame. other than that, i would just like to say that i wouldn't have a problem hiring from yourselves again in the future. Scott
